

Dear Stanley Mbuthi,

My name is VJ and I had your counseling class at the beginning of this fall semester. I just wanted to thank you a lot for your help in choosing my major, my future career and helping me get back into the CSU system. I have been accepted to CSU Northridge and a majority of that was thanks to your guidance. I will be keeping in touch with you because you taught me to be aggressive and you taught me that it is ok to dream big... so i will. Thank you Stanley, God bless you.
