

Hello Stanley,

First off, I would like to thank you for all of the support and advice that you have given me. It gives me a great sense of morale and well-being to know that there are still people out there, such as yourself, that actually care about the well-being of their students/peers. So thank you. Also, I would like to inform you that I will be attending los angeles school of recording on wed, and will have an associates of science degree in recording in 12 months.
