

Hi Stanley,

Thank you for the kind words and the pleasure and excitement of seeing you was overwhelming for me! As I said I was really upset when I discovered I couldn't transfer when I wanted to but my trip to your office completely changed my outlook on life and the situation. What I especially loved was that I wasn't there to see you about graduating but rather academic renewal and you took the notice to notice my transcript and check to see if I could graduate. Oh what an incredible feeling that was for me!!

I had also forgotten my boyfriend at the time, who is now my fiance- we're getting married in June- had also seen you a couple of times for help and always remembers you because you had also been such a great help and friendly person to visit.

Thank you for all you do to help students like myself!!! Your help leads to our success.

By the way, I will be at Mt. SAC for the Health Professions conference. I will be tabling and may be a panelist- this part I am unsure of. Hopefully I will see you again!

Best,

Regina Inchausti
