

Good Afternoon Mr. Mbuthi,

I have been wanting to contact you and thank you for all your help and advice during my studies at Mt.Sac. I know you have many students and probably will not remember me, but I wanted to let you know you really made a difference in my life. My husband and I took your class and saw you for counseling a few times. He will be visiting you soon. He has decided to finally finish what he started (can't get a counseling appointment). At the time I enrolled in your class I had been out of school for almost 5 years and had left with a really bad GPA. When I decided to go back I was married and had a baby. You really believed in me and I thank you for that. I graduated from Mt.Sac in 2009 and transferred to Cal Poly. In 2011, I earned my B.A in Sociology. When I enrolled in your class in 2007 I had lower than a 2.0 and I graduated Cal Poly with a 3.49.

I recently got hired for the Mount View School District in El Monte, Ca and I will be working as a Teachers assistant in a special education class. I am also enrolled to take two psychology courses at Rio Hondo and will be applying to La Verne for Spring 2013. I am trying to get into the MFT program. I am very excited about this program.

My little girl is now six years old and we have a boy who will be turning two in November. Thank you Mr. Mbuthi for all the great advice and for believing in me.

Sincerely,
Silvia C.-Juarez
